

Embrace the Vision!

“There comes a time when individual goals align, and all that is needed to carry us toward our shared objective is a singular force.”

Now is the time...And you are that force!

On January 31, 2018, **the movement begins!** Under the direction of Michigan State University’s Sustainable Built Environment Initiative*, the Cass County Board of Commissioners, the Cass County Economic Development Corporation, and the Village of Cassopolis, will begin to create a vision for the future of our community -- a vision that honors our rich past, embraces opportunities for a vibrant future, and begins with a focus on the Broadway Street corridor in downtown Cassopolis.

YOU are a critical and valued part of the visioning process! Please mark your calendar and plan to attend this unprecedented and important event!

IMAGINE CASS ~ Embrace the Vision!

Wednesday, January 31, 2018

6:00 – 8:00 p.m.

***Council on Aging
Cassopolis, Michigan***
