CASS COUNTY PLANNING COMMISSION
February 28, 2024

The regular meeting of the Cass County Planning Commission was called to order by chairman, Don Stutsman at 4:00 PM. In addition to Stutsman, members present were: Sam Barrera, Roseann Marchetti, Dianna McGrew, Tyler Augst, Annie File, Richard Palmisano, Dave Kring and Jayne Bailey. Member absent: Char Hiemstra.

Four guests from Jefferson Township were present—Sara A. Senica, Jefferson Township Attorney, Dean Haas, Township Supervisor, Trustee Della Bundle and Township Clerk Jenny Bunner. Other guest present was Pokagon delegate Lynn Schanz.

MOTION made by Augst to approve agenda with exception of rearranging New Business order to accommodate guests present. Second by Barrera. Motion passed.

With a MOTION by McGrew and second by Barrera, minutes of the January 24 meeting were approved.

The following are motions and support for the three planning commission positions:

For Chairman: MOTION by Barrera in favor of incumbent Stutsman, second by Kring. Motion passed.

For Vice Chairman: MOTION by Stutsman to appoint Palmisano, second by Marchetti. Motion passed.

For Recording Secretary: MOTION by Stutsman to appoint Bailey, Support by Kring. Motion passed.

Sara A. Senica presented for Jefferson Township Zoning Ordinance Amendment highlighting the hard work, time and effort invested in the ordinance since 2019. Focus was given on solar energy overlay districts in designated agricultural zones. (Solar power is considered agricultural.) Natural characteristics and nearness to power outputs were considerations in the creation of these special overlay districts (which can be changed/amended if necessary). MOTION by Marchetti to approve Jefferson Township Zoning Ordinance. Second by McGrew. Motion passed.

MOTION was made by Marchetti to approve submitted PA 116 application of the Reed Family Properties, LaGrange LLC, Parcel # 14-040-020-006-00. McGrew seconded motion and it carried.

Discussion began on additional “emerging issues” to include in the Master Plan. Stutsman made a MOTION to add a focus on parks and recreation as well as senior housing.

Palmisano gave support and the motion passed. ORV use on roads and trails was mentioned but no motion was made.

It was decided that a larger planning commission board of 11 members was desirable at this time. A MOTION was made by Kring to add another board member/members to make the 11. Marchetti seconded and the motion passed.

The proposal by McKenna was discussed. By next meeting, the townships/villages that will be included in the Cass County Master Plan should be known. Also, we should know the amount each entity will be responsible for. (Volinia, Wayne, Pokegon and the Village of Vandalia were previously included.) Two things that may help the bottom line are the capabilities to produce our own maps and the use of Zoom calls between board members and representatives of McKenna. McGrew made the MOTION to accept the proposal by McKenna. File seconded that motion. The motion carried.

Finally, Marchetti presented a letter and plat from Road Commission Engineer Joe Bellina notifying the Planning Commission on its intent to abandon historic roads that appeared on maps only for over 150 years. Roads are in Newberg Township near Corey Lake.

The meeting adjourned at 5:16 PM with a MOTION by Barrera and support by Marchetti.

PLANNING COMMISSION MEMBER DISCUSSION

Nick Barnes refers members to the review process in the Silver Creek Township Code of Ordinances. Mike Glynn read:

§ 155.275 ZONING ORDINANCE AMENDMENTS.

(A) Initiation.

(1) An amendment to the zoning map, which is adopted as part of this code of ordinances, may be initiated by the Township Board or Planning Commission on a motion by either body, or by a verified application of one or more of the owners or lessees of property within the area proposed to be changed, or by a person authorized in writing by the property owner to submit such application.

(2) An amendment to the text of the Zoning Ordinance may be initiated by the Township Board or Planning Commission on a motion by either body or by a verified application of any person affected by the provision requested to be changed.

(3) Any proposed use not addressed by this chapter shall be subject to the provisions of this section as an amendment to the chapter. The Township Board, upon recommendation of the Planning Commission, shall determine the appropriate district and whether the use shall be a permitted use or special land use.

(B) Procedure for changes.

(1) Applications for zoning ordinance map or text amendments shall be submitted to the Planning Commission upon forms supplied by the township, along with the following:

(a) A legal description of the property to be affected by a proposed change to the zoning map or a typewritten copy of the proposed text amendment, including specific references to the portions of the existing ordinance section and language;

(b) A drawing or map showing, at a suitable scale, the property to be changed by an amendment to the zoning map and the location of properties within 500 feet of the property affected by the amendment;

(c) Payment of a fee in accordance with a fee schedule, as determined by the Township Board from time to time; and

(d) Any other information which may be required by the township.

(2) Before submitting its recommendation to the Township Board, the Planning Commission shall hold at least one public hearing, notice to be given in accordance with the requirements of the Zoning Act, being M.C.L.A. §§ 125.3101 et seq.

(3) The Planning Commission shall transmit a summary of comments received at the public hearing, along with the recommendation of the Planning Commission, to the Township Board. The Township Board may hold additional hearings if it considers it necessary, in accordance with the requirements of the Zoning Act, being M.C.L.A. §§ 125.3101 et seq.

(4) In considering a recommendation for an amendment to the zoning map, the Planning Commission shall consider:

(a) All possible uses within the area requested to be re-zoned and not just those that the property owner requests;

(b) The purposes for which property in the immediate vicinity is zoned;

(c) The Master Plan;

(d) The character of the zoning district, its particular suitability for particular uses, and the general trend and character of building and population development; and

(e) The public services available and the public services needed for the zoned use and the proposed use.

Mark Davis pointed out that the permitted uses are on page 126 of the Silver Creek Township Code of Ordinances. He also mentioned that the property owners may expand in the future as they have purchased property to the north of this property. Although it is not included in this request, he wanted to make members aware of potential future endeavors.

Mike Glynn inquired about the accuracy of the public notice description, as he noticed a difference in the description between the public notice and the Amendment to Silver Creek Township Zoning Ordinance and Map documents. The Letter of Understanding confirmed that the information is correct. He notes that any changes or corrections should be noted in this motion. He also suggested going through the ordinance to ensure that all the proper steps and considerations have been taken.

Mark Davis confirmed that the submitted map is correct.

Ben Schilling wanted to clarify whether all three tax identification numbers should be added since they are noted, but the Amendment only mentions one.

John Joossens asks Mike Davis for clarification if the parcels are all included under the one tax identification number or were they forgotten in the Amendment.

Tim Feirick notes a typo with one of the tax identification numbers, there is a "9" instead of a dash.

Nick Barnes entertains a motion to approve the *Amendment to Silver Creek Township Zoning Ordinance and Map* with the following corrections:

1. Remove the Yaw St. reference in the first paragraph.
2. Correct the following tax identification number, removing the "9" adding a dash.
TIN 14-130-036-013-00
3. Add the following tax identification numbers.
TIN 14-130-036-012-00
TIN 14-130-036-011-00

OLD BUSINESS:

Nick Barnes asks members about their stance on the Master Plan, and whether it needs to be updated, revised, or kept the same. During the discussion, some ideas were shared, and Ben Schilling offered to gather members' comments and ideas, and present an outline at the next meeting.

Nick Barnes is also interested in knowing members' opinions on short-term rentals. Members had previously discussed a good neighbor policy. As the state has not made any progress, the township should investigate the current ordinance and make proper changes if needed.
